## *Making a difference through deterrence and interdiction*

**Vision:** The most vital and dynamic contributor to a drug-free America.

**Mission:** To leverage unique military capabilities in supporting community efforts against illicit drugs and emerging threats.

From community outreach to supply reduction, the National Guard Counterdrug Program provides resources, expertise, and mission support to government agencies and community based organizations to support the overall mission of making a positive impact on reducing drug use through deterrence, interdiction and education.

## **FOUR STRATEGIC GOALS**

### ***Law Enforcement Support***

Assist Federal, State, local and tribal agencies in disruption of illicit drug financing, production, transportation and distribution.

### ***Drug Demand Reduction***

Promote drug-free living through community-based education and prevention.

### ***Training***

Provide specialized training for law enforcement agency (LEA) and community-based organization (CBO) partners and National Guard (NG) Counterdrug (CD) personnel.

### ***Drug Demand Reduction-Testing***

Provide programs and services that ensure the highest standards and readiness of the National Guard force and the wellness of Guard families.

Citizen-Soldiers and -Airmen in the National Guard Counterdrug Program are some of the most highly-trained men and women in the National Guard. These dedicated Soldiers and Airmen will persist in their dedicated efforts to support their communities in the fight against drugs.

The NGB Counterdrug Division has developed and implemented appropriate performance measures to evaluate effectiveness in accordance with Deputy Assistant Secretary of Defense for Counter-narcotics & Global Threat (DASD-CN&GT) Standard Operating Procedure (SOP) dated 18 May 2010.
